About The Portfolio

The Strategy Based Investment (SBI) Global Growth Portfolio strives to increase the value of your account through a rise in the market price of securities or NAV of funds (capital appreciation) invested in U.S. diversified and sector, bond and international mutual funds. The SBI Global Growth Portfolio is an all-equity mutual fund portfolio comprised of a 70% strategic allocation and a 30% managed tactical allocation.

Growth of \$25,000 Investment (6/30/11 - 9/30/17)

Net Performance \$44,710

The data quoted represents past performance, which is no guarantee of future results. A hypothetical \$25,000 investment in ICON's SBI Global Growth Portfolio made on 6/30/11 would have been worth \$44,710 on 9/30/17. The performance results displayed represent the composite performance for all discretionary client accounts in a Portfolio. The performance results reflect the deduction of actual management fees and trading expenses, the reinvestment of dividends and other distributions made to client accounts.

Important Information

ICON Advisers, Inc. ("ICON") is a registered investment adviser incorporated in 1991.

Investing in securities involves inherent risks, including the risk that you can lose the value of your investment. There is no assurance that the investment process will consistently lead to successful results.

Strategy Based Investing involves risks and uncertainties and does not guarantee better performance or lower costs than other investment methodologies.

Investments in international securities may entail unique risks, including political, market, regulatory and currency risks. Financial statements of foreign companies are governed by different accounting, auditing, and financial standards than U.S. companies and may be less transparent and uniform than in the United States. Many corporate governance standards, which help ensure the integrity of public information in the United States, do not exist in foreign countries. In general, there is less governmental supervision of foreign stock exchanges and securities brokers and issuers.

Portfolio composition and holdings are subject to change at any time and should not be construed as a recommendation of any security. Individual account holdings and composition may vary.

Opinions and forecasts regarding sectors, industries, companies, countries and/or themes, and portfolio composition and holdings, are all subject to change at any time, based on market and other conditions, and should not be construed as a recommendation of any specific security, industry, or sector.

ICON claims compliance with the Global Investment Performance Standards (GIPS®). To receive a complete list and description of ICON's composites and/or a presentation that adheres to the GIPS® standards, please call 1-800-828-4881 or visit www.InvestwithICON.com. Additional information regarding ICON's policies for calculating and reporting returns is available upon request. Returns are calculated in U.S. dollars. The Portfolios do not utilize leverage or derivatives, although ICON may invest in mutual funds that utilize these tactics.

The Morgan Stanley Capital International (MSCI) All Country World Index (MSCI ACWI) is a leading unmanaged benchmark of world equity market performance. The capitalization-weighted index is representative of the performance of securities of companies located in developed and emerging markets including those of the United States. The Bloomberg-Barclays U.S. Treasury Bellwether (3 Months) Index is a market value-weighted index of investment-grade fixed-rate public obligations of the U.S. Treasury with maturities of 3 months, excluding zero coupon strips.

Total returns for the unmanaged indexes include the reinvestment of dividends and capital gain distributions but do not reflect deductions for commissions, management fees, and expenses. The indexes are not covered by the report of independent accountants. The Portfolio's composition may differ significantly from the index. Individuals cannot invest directly in an index.
